Radius Gold completes \$1.95 million private placement financing

Vancouver, British Columbia – Radius Gold Inc. (TSXV: RDU) (“Radius” or the “Company”) is pleased to announce that it has closed its previously announced non-brokered private placement with the issuance of 11,149,983 units at a price of \$0.175 per unit, for gross proceeds of \$1,951,247. Each unit consists of one common share of the Company and one warrant which entitles the holder to purchase one common share at a price of \$0.35 for a period of 24 months following the closing of the private placement.

In connection with the placement, the Company paid finder’s fees totaling \$39,627 in cash and issued a total of 226,442 warrants with the same terms as the unit warrants. The net proceeds of the private placement are intended to be used to fund drilling and exploration efforts on Radius’s Tropicico project, Mexico and for general working capital.

The common shares and warrants issued on closing are subject to a regulatory resale restriction until September 30, 2023. The placement is subject to final approval of the TSX Venture Exchange.

As certain of the places are deemed to be “related parties” to the Company, the private placement constitutes a “related party transaction” within the meaning of TSX Venture Exchange Policy 5.9 and Multilateral Instrument 61-101 Protection of Minority Security Holders in Special Transactions (“MI 61-101”). The Company has relied on exemptions from the formal valuation and minority shareholder approval requirements of MI 61-101 contained in sections 5.5(a) and 5.7(1)(a) of MI 61-101.
